

THE GLOBAL ELEPHANT

Imagine | Create | Deliver

A THEME DESIGN BUILD COMPANY

COMPANY OVERVIEW

We are The Global Elephant!

The Global Elephant is one of the first global companies to offer theme-driven solutions. The Global Elephant is a theme design and build company and we are dedicated to transforming creative design ideas and state-of-the-art concepts into tangible reality that elevates the overall guest experience. We specialize in thematic designs, architectural concepts, and entertainment destinations that captivate and engage guests like never before. With over two decades of experience in creating theme parks, water parks, visitor attractions, cultural centers, recreational centers, and theme hotels, we have established ourselves as one of the prominent names in the industry. At The Global Elephant we continue to innovate and push the boundaries of what is possible in the Design and Construction of Integrated Developments. We successfully deliver Masterpieces of creativity with the help of trained teams of professionals from Architecture, Interior Designers, Visualizers and Artists with International experience that come from all across the Globe!

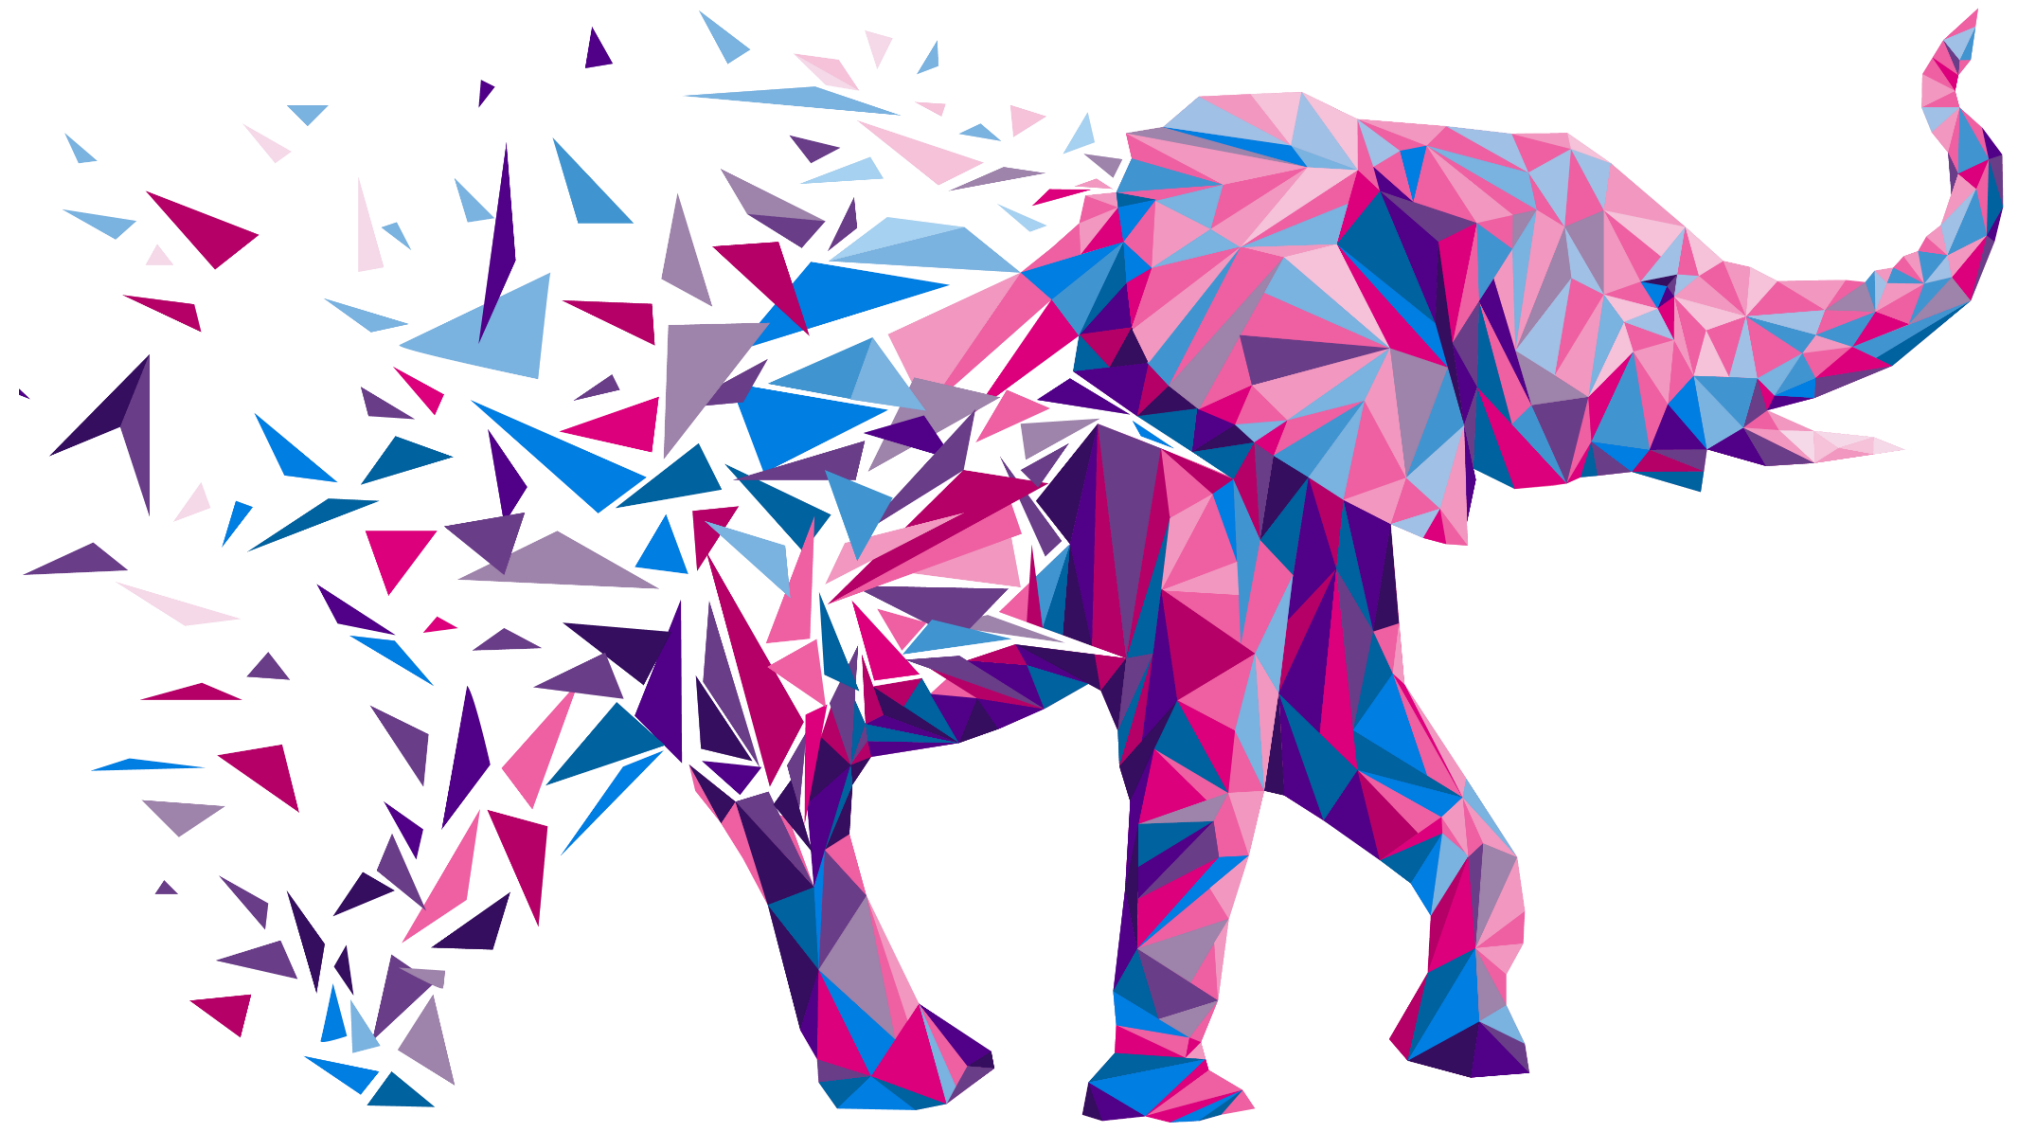

Our Philosophy

imagine a team
of innovators who
create beautiful
and functional
projects, and a
team of enthusiasts
deliver
them, on time,
every time.

Global Elephant transforms ideas, molding them into enthralling realities that redefine guest experiences.

We harness the power of imagination, creating design masterpieces and captivating entertainment destinations.

As leaders in design and build, we're committed to thematic innovations that mesmerize and engage. Our philosophy, 'Imagine, Create, Deliver,' embodies the thrilling journey from idea conception to a tangible, captivating reality. We dream, we craft, we present – a perfect fusion of creativity and innovation.

imagine create deliver

IMAGINE

We harness the power of artistic vision and technological innovation, transforming whimsical ideas into mesmeric realities that creates desired guest experience. This is the stage where we let creativity take the reins, ideating beyond boundaries and sketching the extraordinary.

CREATE

We breathe life into your wildest imaginations, marrying creativity with craftsmanship to sculpt immersive experiences that leave guests enthralled. Every design, every concept and every build embodies a symphony of innovation and precision, transforming abstract ideas into captivating realities that redefine the realm of entertainment.

DELIVER

We materialize imagination, bridging the gap between the ideas and reality, to orchestrate unforgettable experiences for the world to revel in.

SERVICES

MASTER PLANNING

The Global Elephant Master Planning Services provide Design Solutions by applying Urban Planning principles in context. The Integration of all different zones within a Master Plan is critical for the project success.

FEASIBILITY STUDIES

Behind every Successful Project is an in depth Feasibility Study that determines various statistical aspect of the Project. The Global Elephant Feasibility Study is a comprehensive Approach that takes into consideration the Demographics, Market Analysis , Case-Studies and Business Plan to set the Client and Investments for Success!

CONCEPT DESIGN

The Global Elephant Concept Design Services create Stunning Visuals to transform the Clients Vision into reality by preparing state of the Art 3D visuals.

3D VISUALIZATION

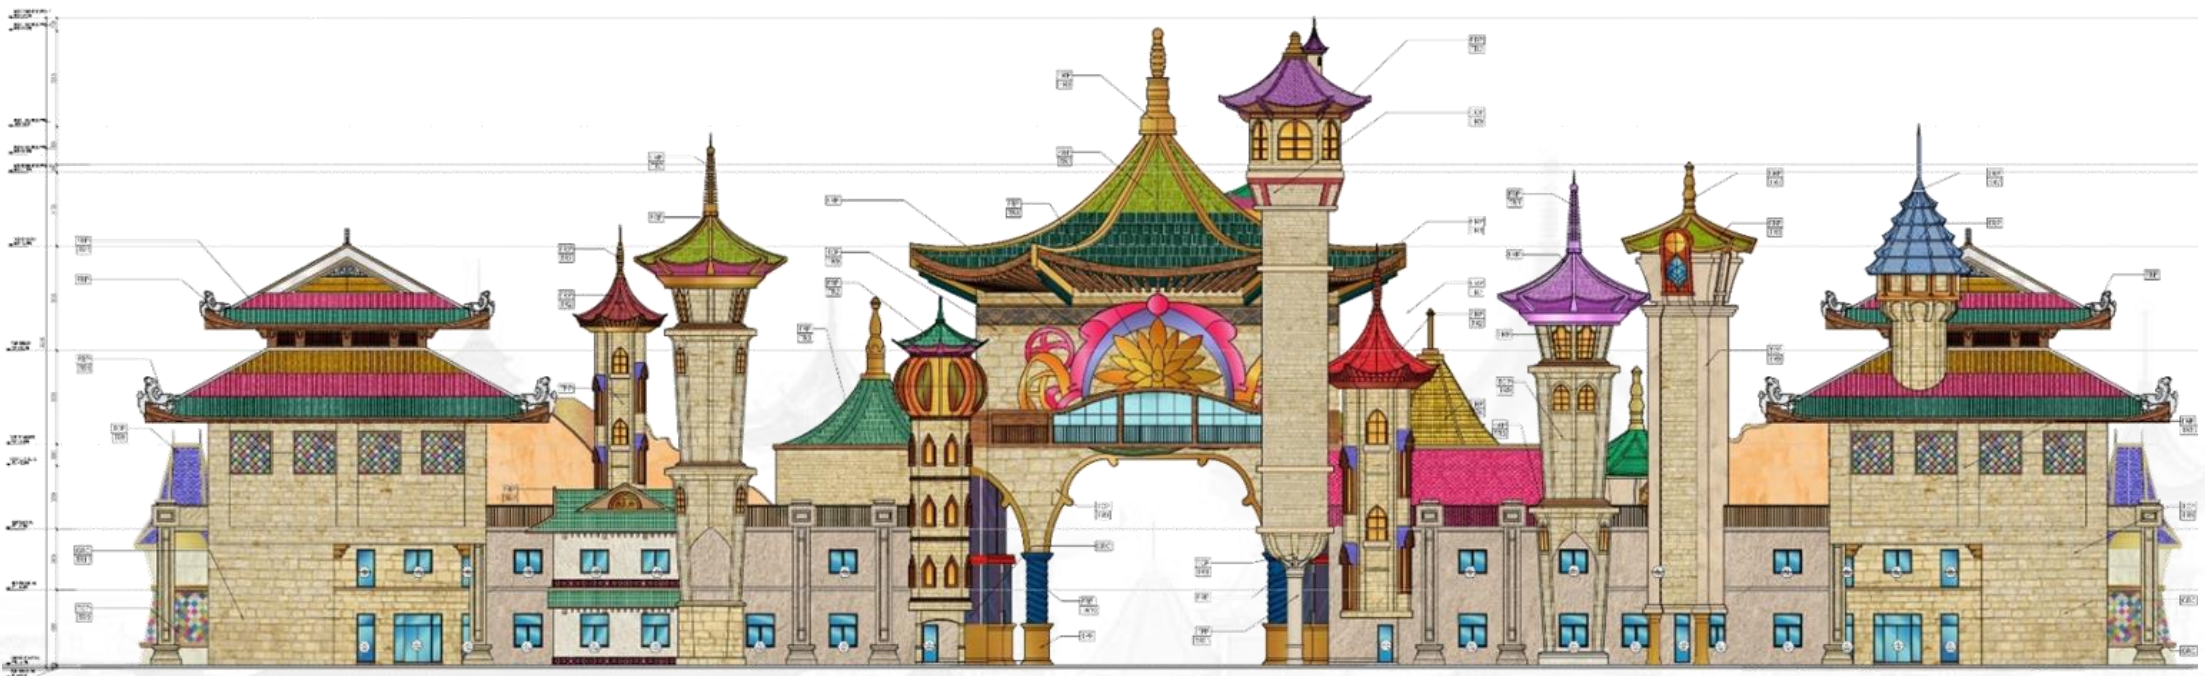

At Global Elephant we create Magic with Stunning visuals for all your project needs and investment opportunities. The real life like visuals helps give Clients and Investors a walkthrough in the future.

The background is a detailed line-art schematic drawing of an entrance to an 'Adventure Kingdom'. The central focus is a large, ornate archway with a decorative top section featuring a circular emblem and the word 'ADVENTURE' above 'KINGDOM'. The archway is flanked by tall, jagged rock formations. In the foreground, there are traditional-style buildings with multiple-tiered, gabled roofs. A large crowd of people is depicted walking through the entrance area. The entire scene is rendered in a light gray line-art style against a dark gray background.

SCHEMATIC DESIGN

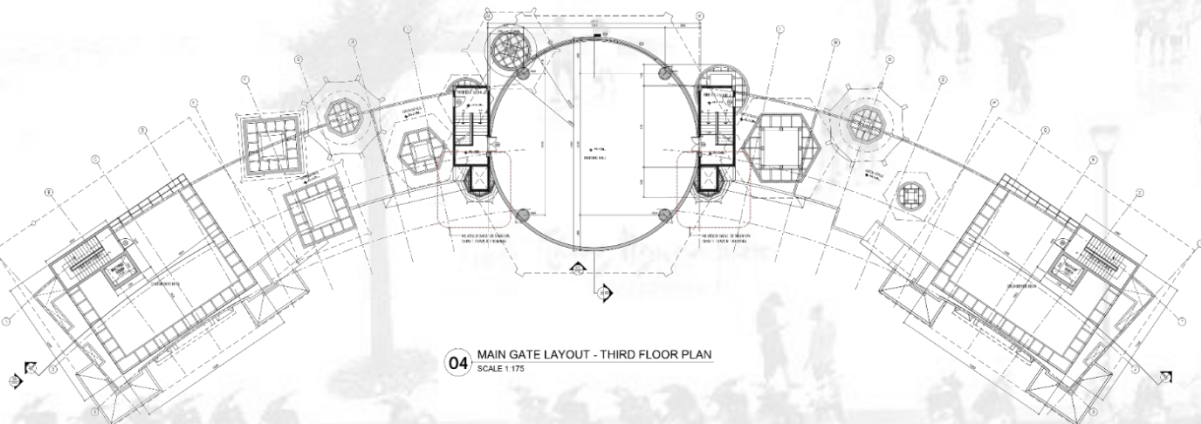

The Global Elephant Schematic Design Services provide complete technical drawings and support to obtain all authority approvals and moving the design from the Concept Phase into Design Development. Preparation of Schematic Drawings is done both in Cad format and Revit model for all BIM projects.

DETAIL & CONSTRUCTION DESIGN

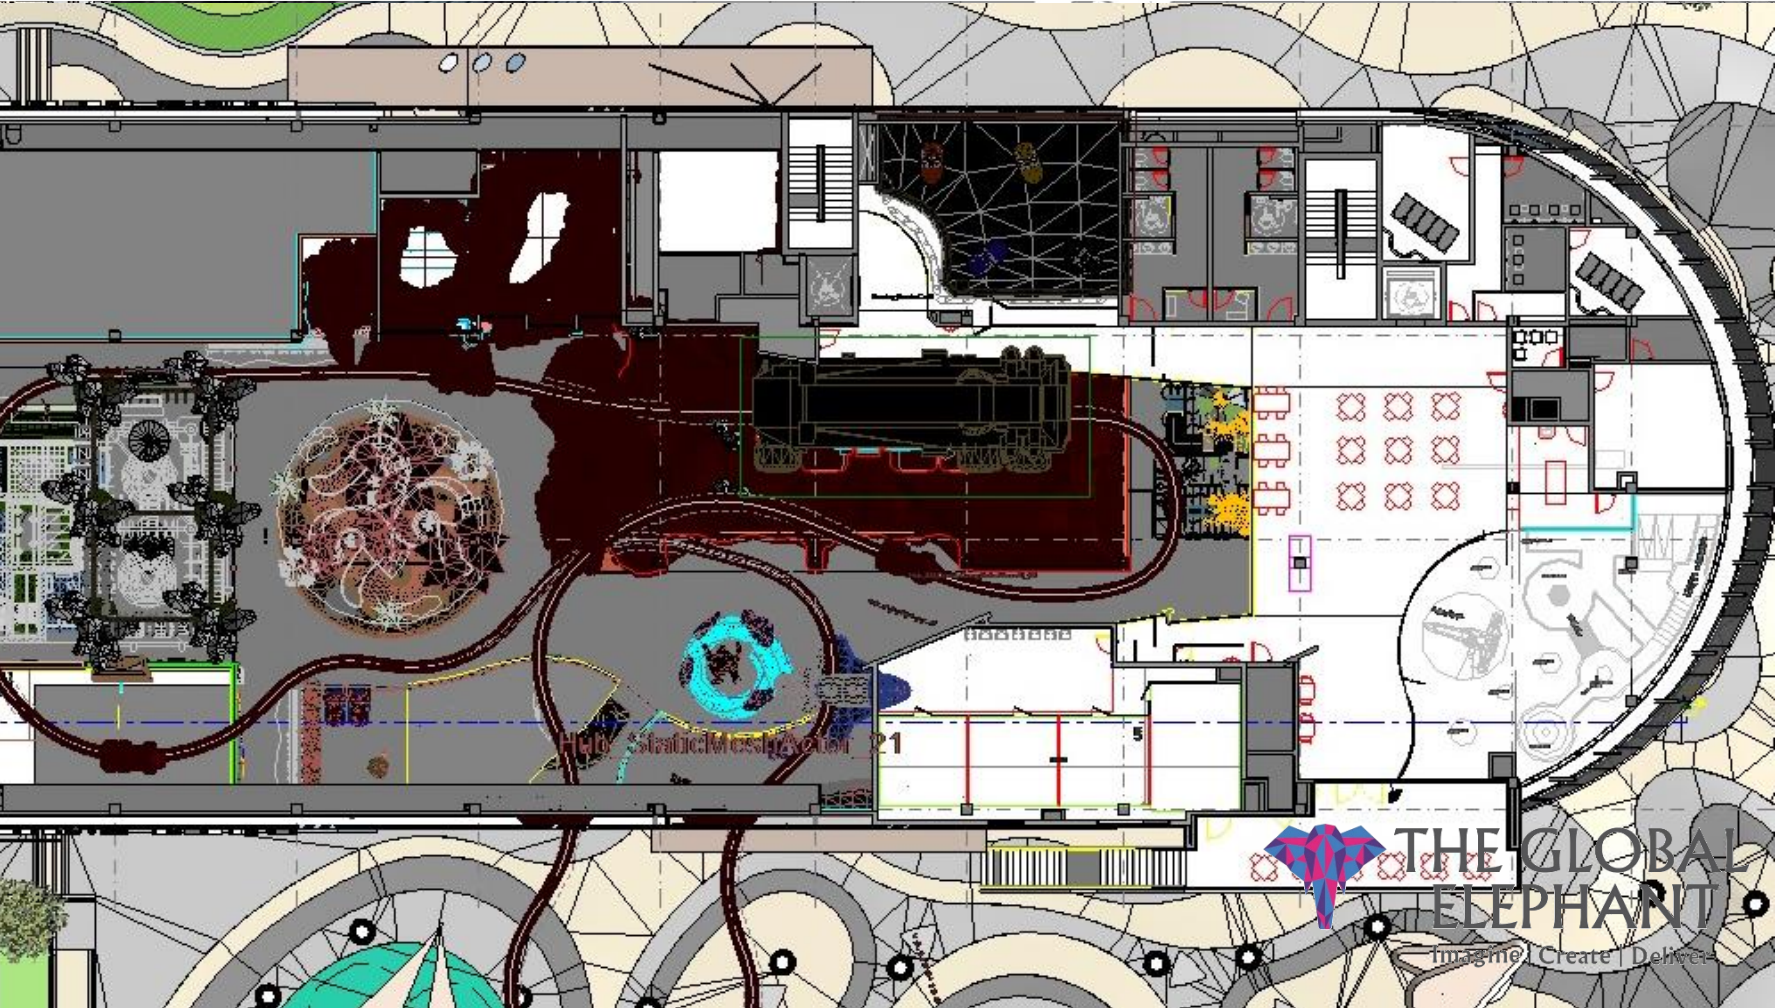

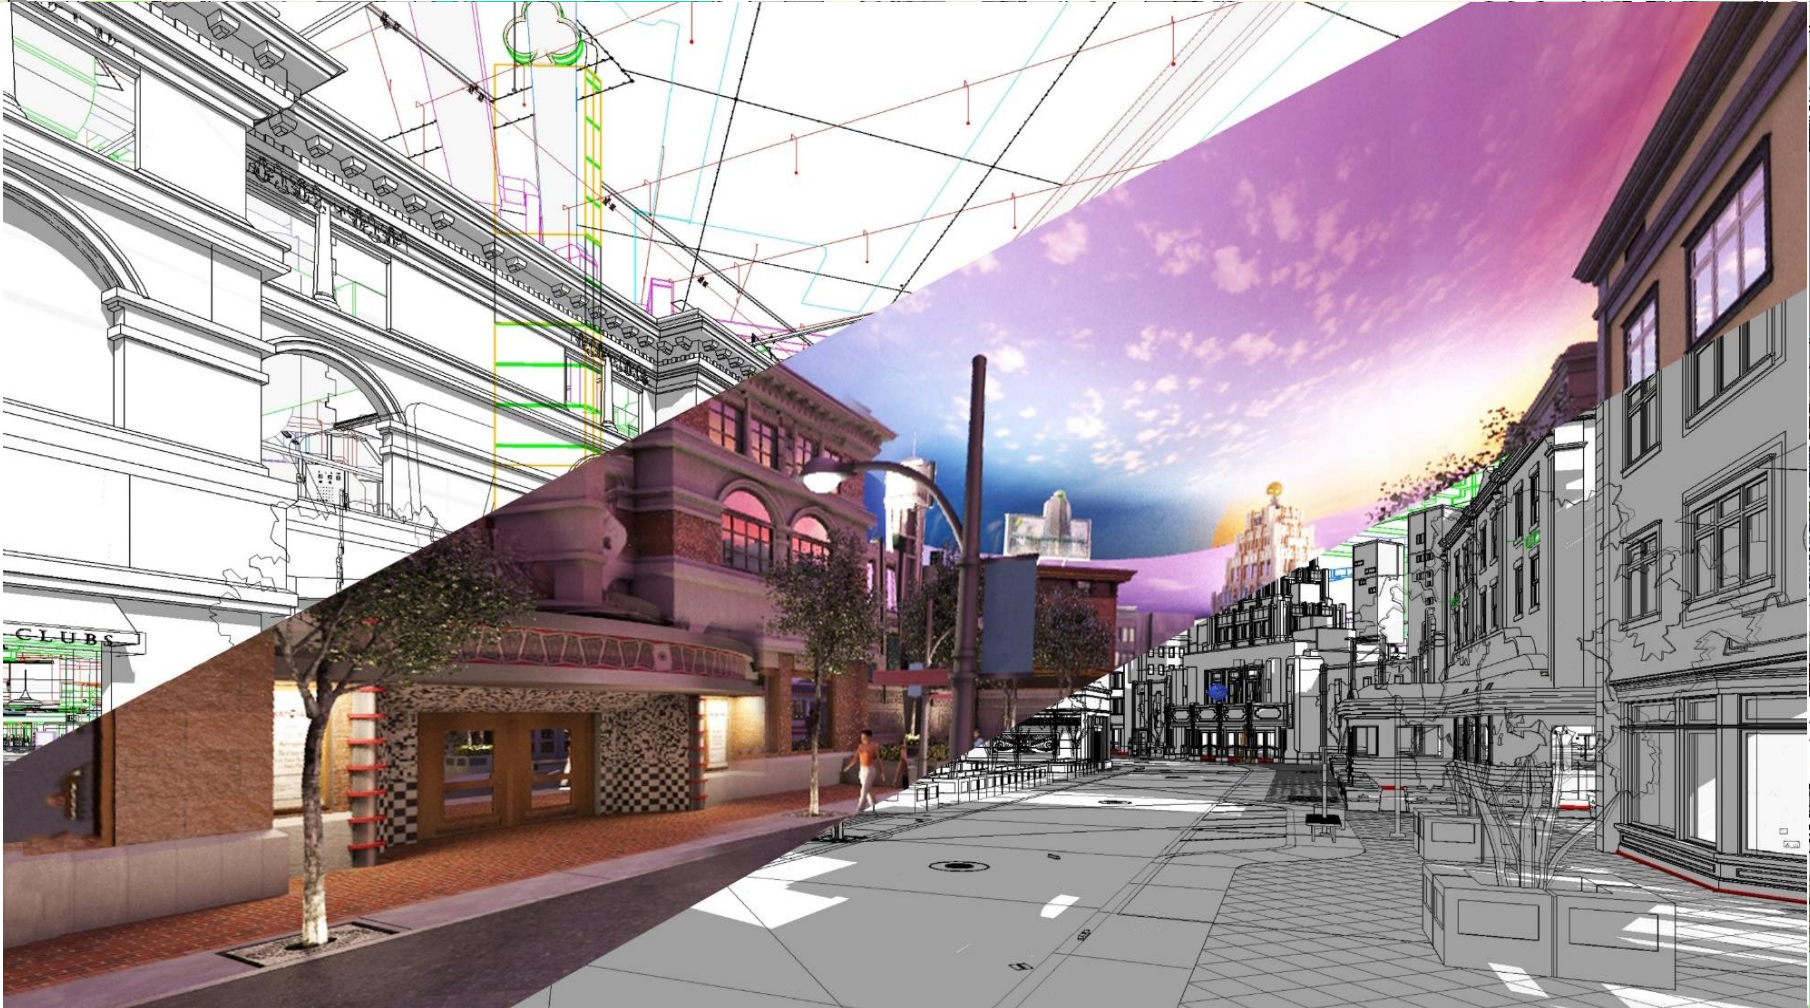

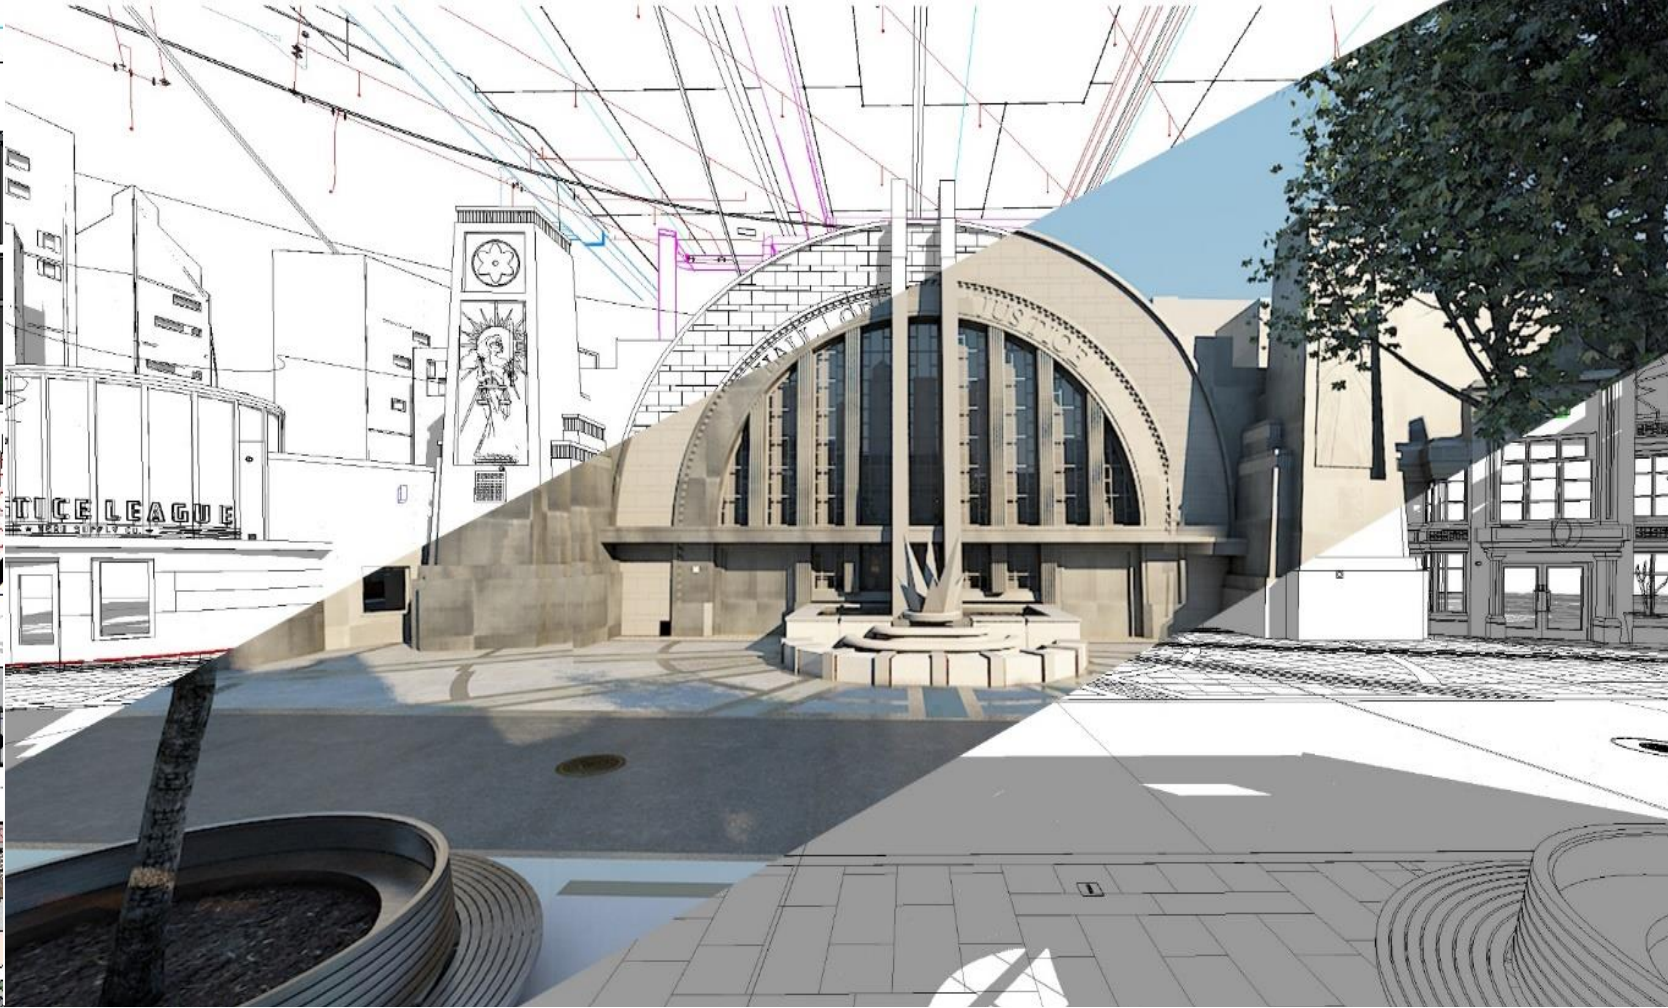

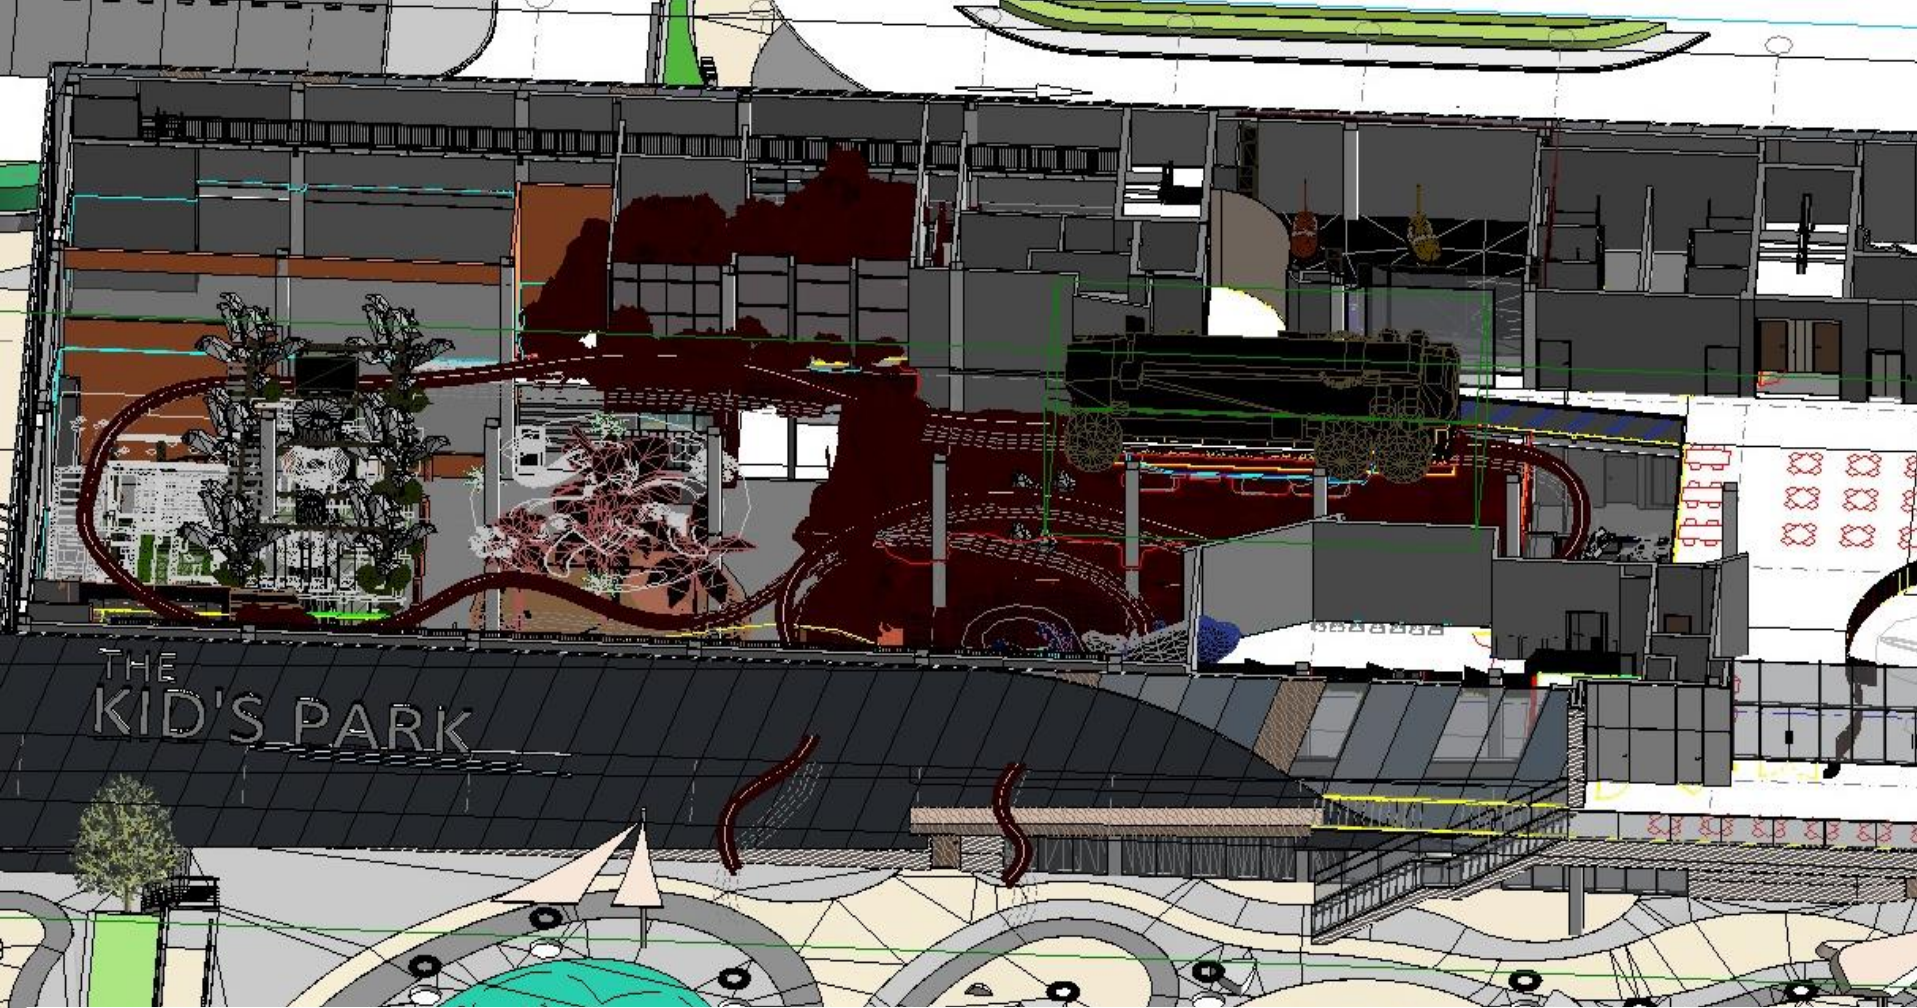

Our detail Design Services provide all technical information and fully coordinated drawings with all services and specialists to deliver accurate drawings for tendering and proceeding towards Construction Drawings.

BIM MODELING

We do our building information modeling by providing our clients enhanced collaboration, a holistic project visualization, efficient design, and the ability to make data driven decisions that contributes to not just the success but the excellence of projects.

DEVELOPMENTS

THEME PARKS

Our theme park designs seamlessly blend imagination with practicality, creating immersive environments that captivate visitors. Attention to detail is paramount as we meticulously craft each element to evoke a sense of wonder and excitement. Incorporating cutting-edge technology, our designs ensure an unforgettable experience, seamlessly integrating thrilling rides, captivating attractions, and picturesque landscapes. Through thoughtful planning, we strive to cater to diverse interests, making our theme parks a harmonious blend of innovation and entertainment.

WATER PARKS

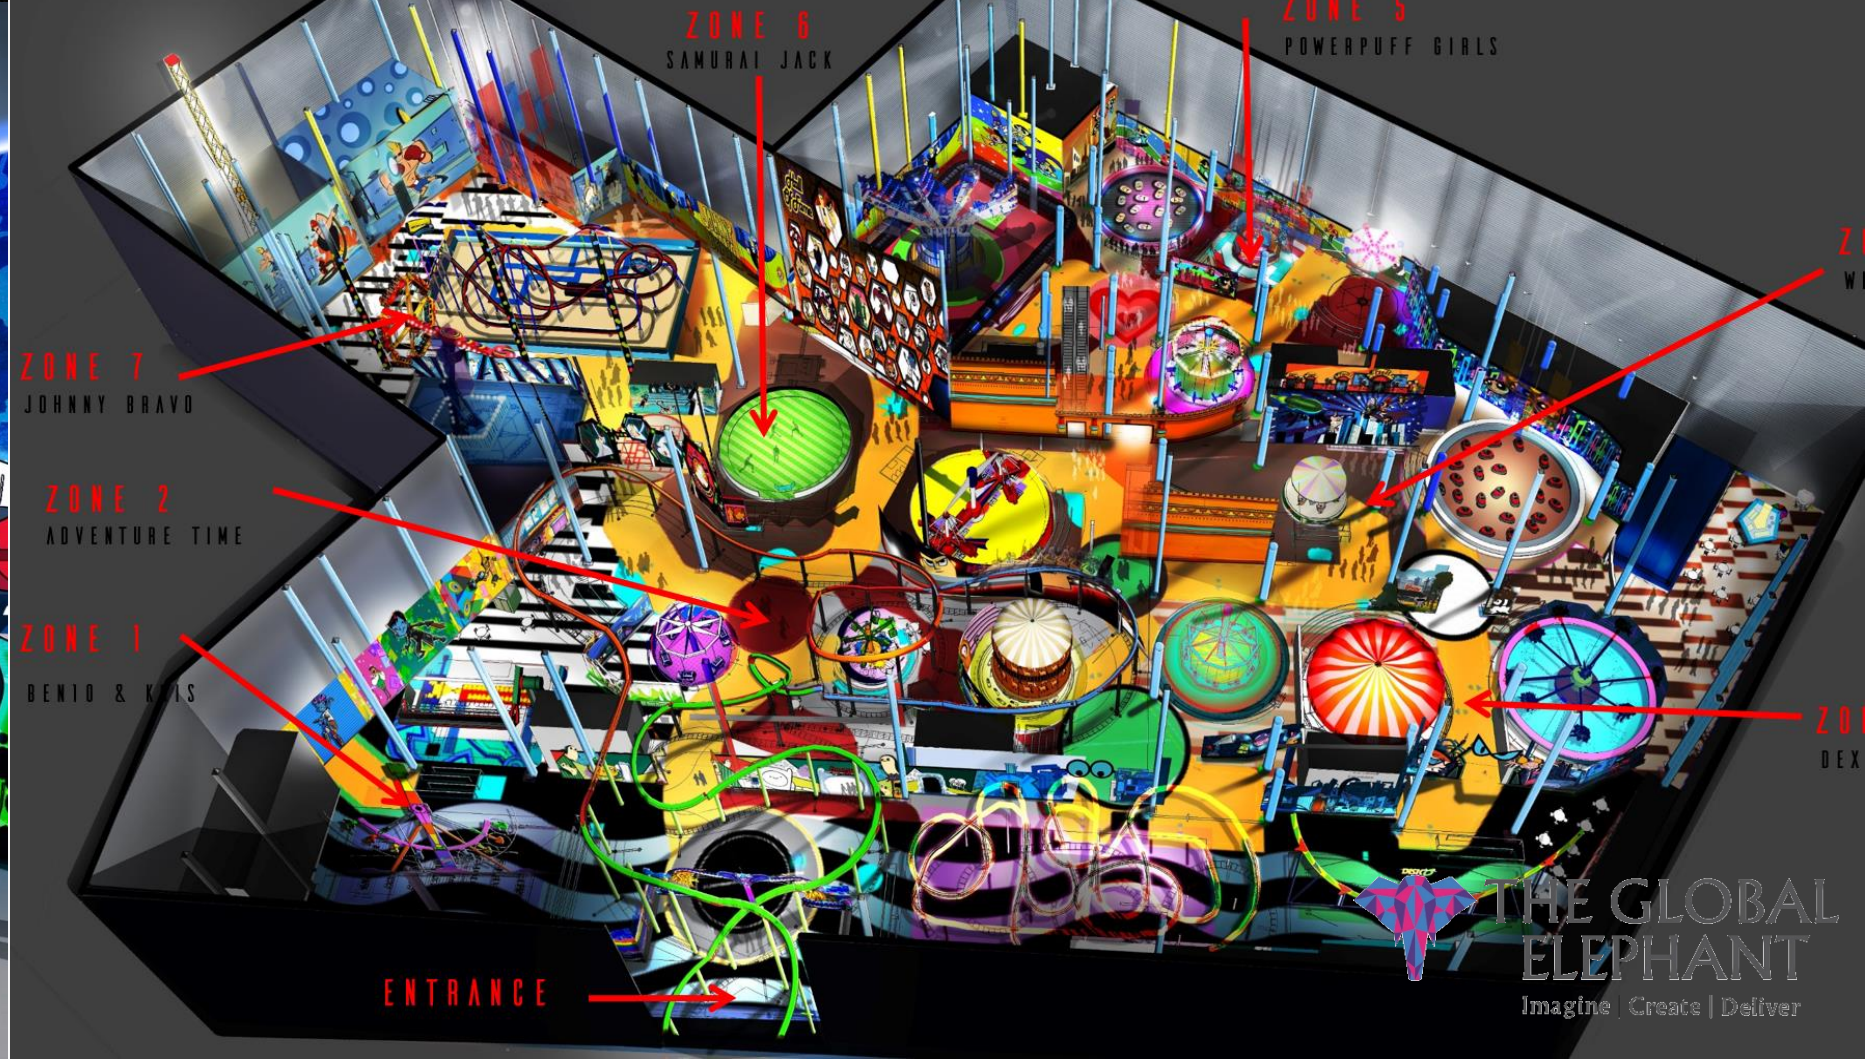

Our waterpark designs embody a perfect harmony of thrill and safety, offering an exhilarating aquatic experience. Meticulous planning ensures a diverse range of water attractions, from pulse-pounding slides to serene lazy rivers. Innovative engineering and water conservation practices underscore our commitment to sustainability, providing a refreshing and responsible escape. With a focus on accessibility and family-friendly features, our waterparks create lasting memories in a vibrant, dynamic aquatic setting.

FECs

In crafting family entertainment centers, we excel in delivering an inclusive and enchanting experience for all ages. Our designs prioritize safety, ensuring a secure environment for families to create lasting memories together. We seamlessly integrate a diverse array of activities, from interactive games and engaging rides to cozy lounges, fostering an atmosphere of joy and togetherness. Thoughtful layout planning allows for easy navigation, while incorporating elements that appeal to various interests, ensuring that every family member finds something to enjoy.

RESORTS & RESTAURANTS

Our restaurant designs embody a harmonious blend of luxury and functionality, creating inviting spaces that exceed guest expectations. With meticulous attention to aesthetics and comfort, our interiors evoke a sense of relaxation and sophistication. Innovative architectural planning ensures seamless integration with surrounding landscapes, offering guests breathtaking views and serene atmospheres. From chic urban retreats to tropical paradises, our designs redefine hospitality, promising an unforgettable experience that transcends mere accommodation and dining.

CULTURAL CENTRES

Our cultural centers are meticulously designed to celebrate diversity and foster a sense of community, seamlessly blending architectural innovation with cultural significance. Public parks under our guidance embody green oases that prioritize both recreation and environmental sustainability, with thoughtfully curated landscapes and engaging amenities. In cultural centers, interactive exhibits and versatile spaces cater to diverse artistic expressions, creating hubs that inspire creativity and appreciation. Our commitment to inclusivity and accessibility ensures that cultural enrichment and outdoor recreation flourish in well-designed spaces that resonate with the essence of their communities.

RD&E

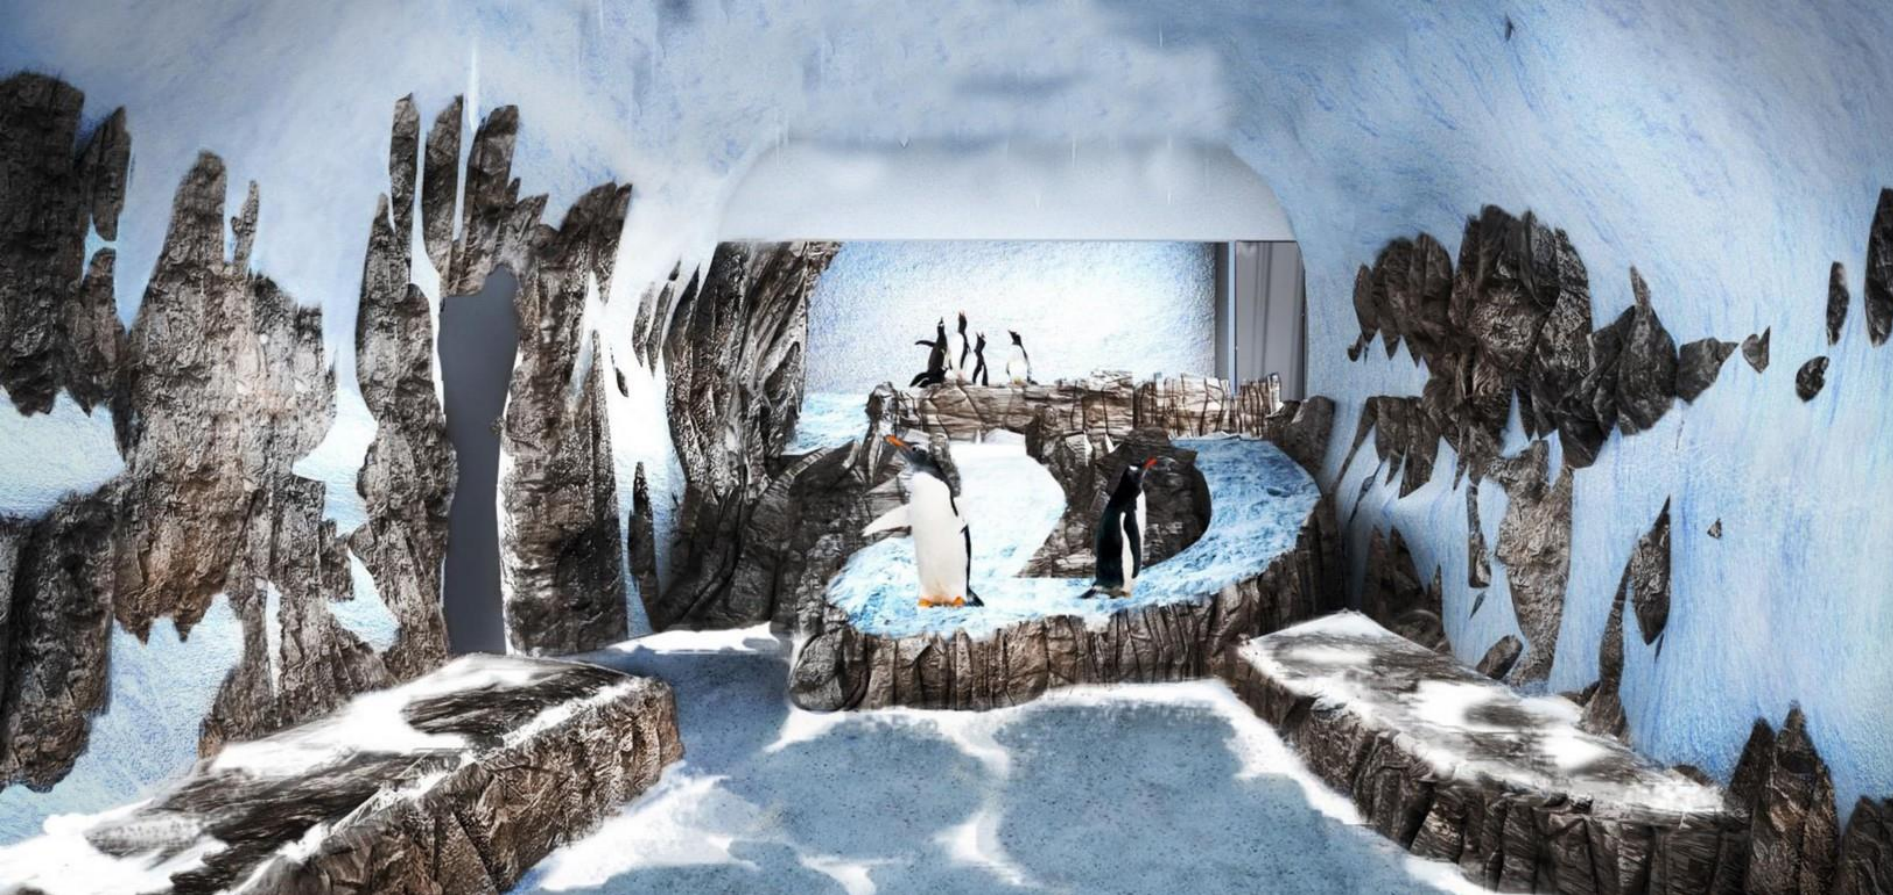

Our retail dining and entertainment areas are crafted with a keen understanding of consumer trends, seamlessly integrating stylish design with functionality. Inviting layouts and comfortable seating arrangements create an ambiance that enhances the overall dining experience. Innovative culinary concepts and immersive entertainment offerings set our designs apart, ensuring a dynamic and memorable visit for patrons. From trendy eateries to cutting-edge entertainment zones, our designs redefine retail spaces, establishing vibrant hubs where gastronomy and entertainment converge in perfect harmony.

MARINE LIFE PARKS & ZOOS

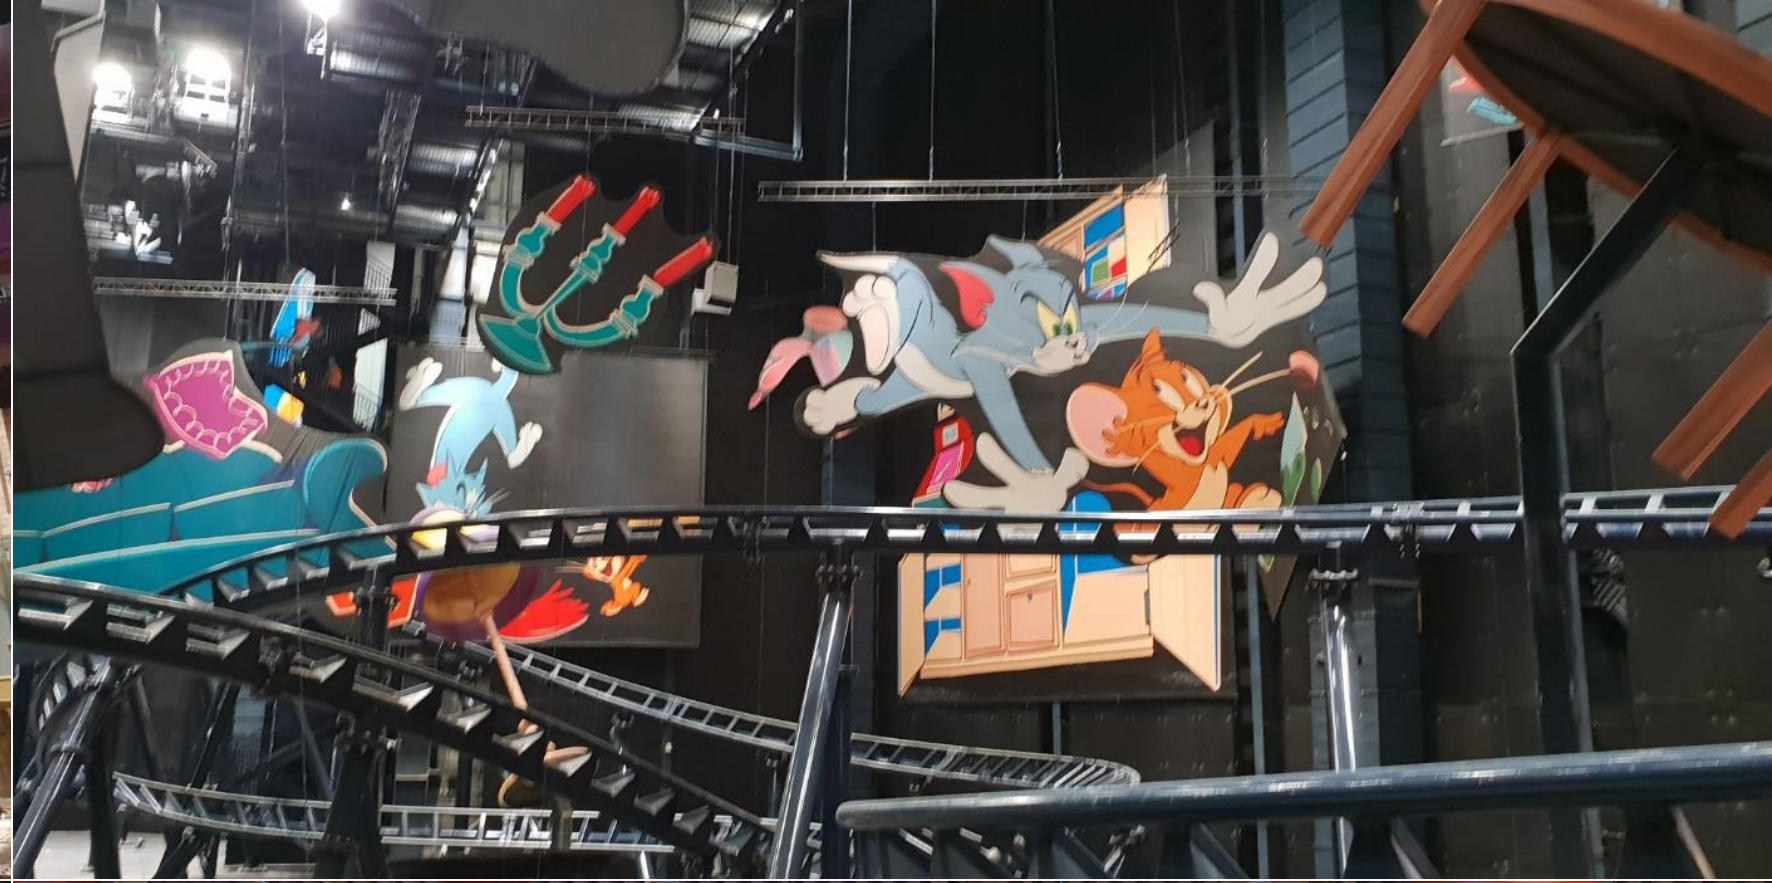

Our marine life parks and zoos are meticulously designed to provide immersive and educational experiences, prioritizing the well-being of the inhabitants. Thoughtful exhibit layouts and naturalistic environments replicate the animals' habitats, promoting conservation awareness. Innovative conservation programs underscore our commitment to biodiversity, fostering a connection between visitors and the wonders of the natural world. Through engaging exhibits and expertly designed facilities, we create marine and zoo environments that inspire awe and instill a sense of responsibility towards our planet's diverse ecosystems.

RIDE & ATTRACTIONS

The Global Elephant Concept Ride & Attractions Design create Stunning experiences that engage all senses using High-Tech Solutions for creating Amazing and immersive AV, Special effects & Ride Design Solutions.

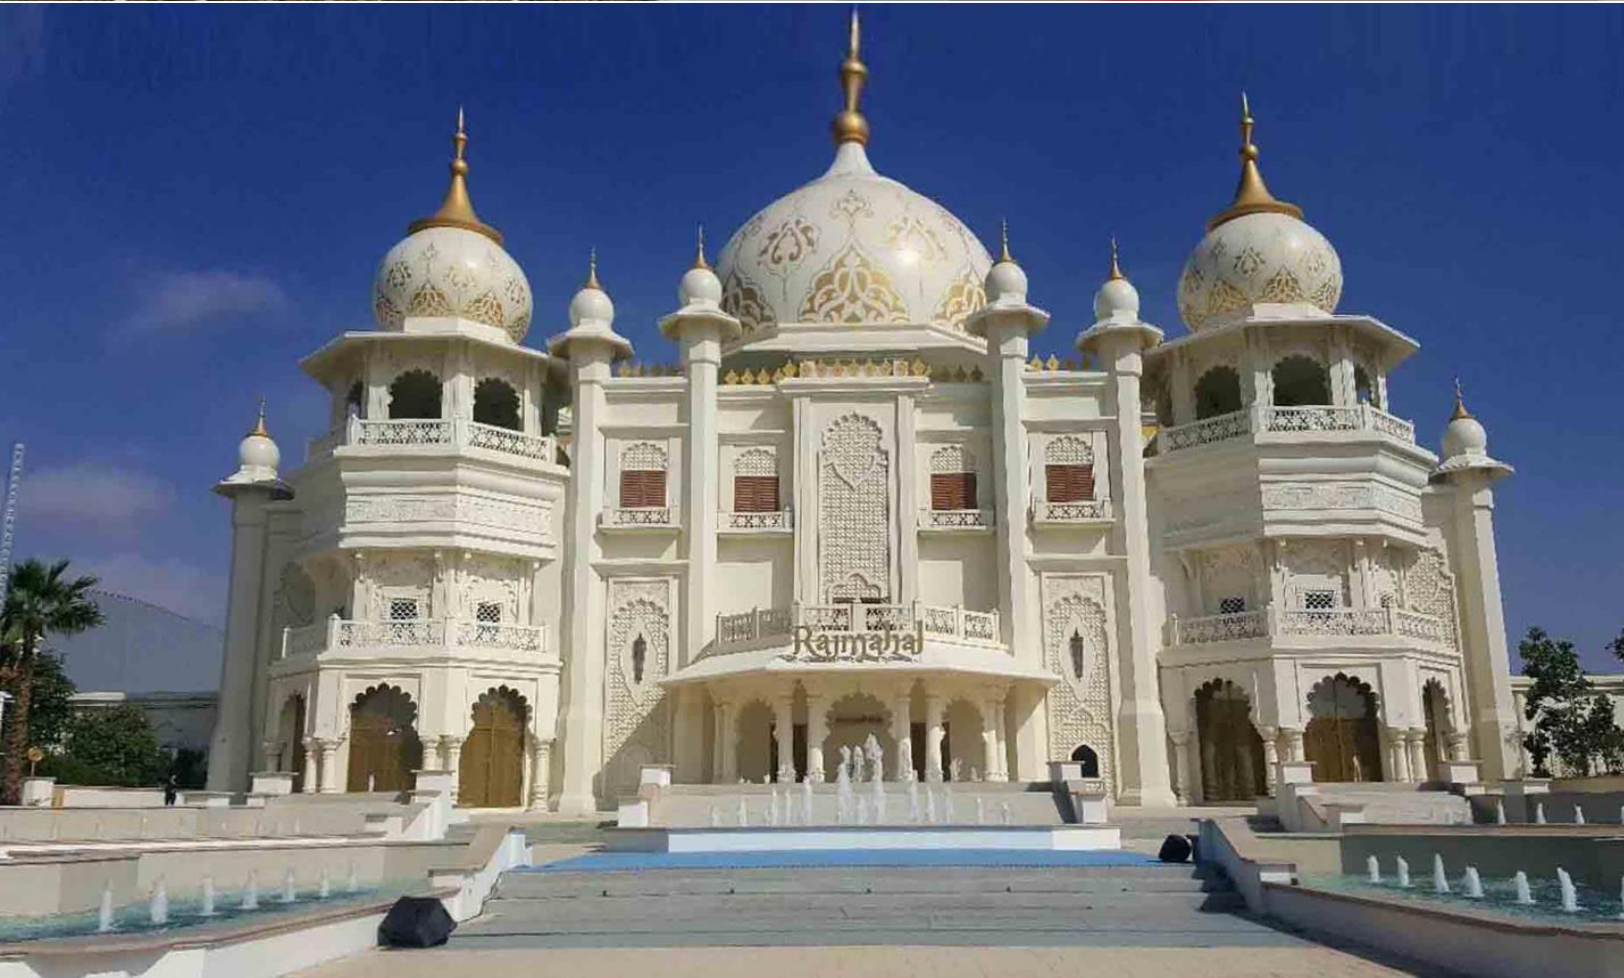

THEME CONSTRUCT

THEMED FACADES

Our expertise in building theme facades is unparalleled, blending creativity with precision to transform structures into immersive experiences. Meticulously designed, our facades capture the essence of themes, from historical landmarks to futuristic realms, creating visual spectacles that captivate and intrigue. Innovative materials and cutting-edge technology ensure durability and authenticity, bringing to life the envisioned theme with striking detail. Through our mastery of architectural storytelling, we craft facades that not only enhance the aesthetic appeal but also set a distinct tone for the overall environment.

ARTIFICIAL ROCKWORK

Our execution of artificial rockwork is a testament to our mastery in replicating nature's rugged beauty with meticulous precision. Using advanced materials and sculpting techniques, we craft realistic rock formations that seamlessly integrate into diverse landscapes. Whether creating cascading water features or dramatic cliff structures, our attention to detail ensures a lifelike and durable finish. From theme parks to botanical gardens, our artificial rockwork stands as a testament to our commitment to transforming spaces with awe-inspiring geological artistry.

THEMED PROPS

Our execution of theme props is a testament to our dedication to detail, bringing imagination to life with precision and artistry. Each prop is crafted with expert skill, ensuring authenticity and enhancing the overall thematic experience. From larger-than-life installations to intricate decor pieces, our meticulous execution transforms spaces into immersive worlds. With a blend of craftsmanship and innovation, our theme props stand as dynamic elements that captivate and elevate the atmosphere to new heights.

COMPOSITE FACADES

In our execution of GRC (Glass Fiber Reinforced Concrete) and composite facades, precision meets innovation, creating structures that seamlessly marry durability with aesthetic appeal. Our expertise lies in sculpting intricate designs and intricate details, offering versatility in architectural expression. By harnessing advanced materials and techniques, we ensure a lightweight yet robust finish, transforming buildings into iconic landmarks.
